Kick-Off is back!

We're pleased to be offering our Kick-Off program again in 2020.

This program is a **10-week skills course** with a focus on fun and participation allowing children to develop a love for football. Weekly sessions will build skills through progressive drills and games and focus on fundamental movement.

All participants who register will also receive a participant pack including a boot bag, football, water bottle, shin pads and a sticker sheet!

It is aimed at children **born 2016** who are too young to join our regular club football teams. Children born 2014-2015 may also join but are encouraged to join our club football teams instead.

Saturday mornings 9:30am - 10:15am

Andromeda Oval.

1st session 2nd May. Concludes 4th July.
