

Field Numbering Map

Coaches and Players:

Please note the location of the sprinkler heads (marked with small circle, 6 on each main field and 1 on the mini field + 3 others) located on the fields and if necessary cover with a plastic cone during training. Some of the sprinkler heads are well below the surface and represent a possible hazard to players. We are not allowed by council instructions to cover them, but we do cover them on the Saturday and uncover them on a Sunday as they are a safety issue to us and the referee's. We have asked council to raise the sprinkler heads but until that happens if you could please be aware of their locations and take the appropriate actions to ensure the safety of your players. Thank you for your co-operation.
